My dear Sir

I have been able at last to set sail to America I am leaving tomorrow

I have sent a brief report of the work I have done here & have been very busy it had to be written out in a hurry I have collected a good deal

of useful information and
what is more important
can rest on a basis
to let schemes be framed
people on whom he can
depend if necessary have
them examined by other
experts. Then & then
things are managed by
the best means.

A careful study
of the resources and other
conditions in this country
and constant exchange
of views with those
of the manufacturers

here have convinced me
that if we want to export
beef savings in our purchases
we have to depend more
and more on the continent.
I have taken some steps
already that would enable
me to get information
from the continent but
if I were to spend another
month here I can get
this reduced into a system.
By returning to Paris
via Japan I have to
spend nearly 50 days
in transit. I have
suggested that instead
I return via Japan

Requests sanction (1) to his overstay of 3 weeks in England (2) to return to India via England after completing his studies in America for about 2½ to 3 months without going to Japan & (3) to visit Germany for a few days after going to England

In accordance with the approved programme Mr. D'Souza had to spend 3 months in England for the study of the subjects specified. This period expired by the end of March 1921. He ought to have left for America early in April 1921. For reasons given he had to overstay in England for 3 weeks. He has however arranged to sail for America on 3rd April 1921. ~~He pro~~

According to the programme he ought to have spent 7 weeks in America. He now proposes spending 2½ to 3 months & come back to England by about the middle of July next without going to Japan as in the approved programme. After visiting Germany for a few days he intends returning to India by about the Middle of Augt 1921.

The approved programme & proposed altered programme are as shewn below

If the request is granted, I recommend that Mr D'Souza can proceed to India by the middle of August, instead of the middle of July. Returning via England would probably be more profitable than via Japan.
